

Get involved in the Eclipse European community!

June 24-25 | **Toulouse**

Discover the outstanding technology program:

- **Explore** the unique Eclipse technology initiatives on Modeling, Systems Engineering, IoT, Embedded, Science, and more.   
- **Experience** the Eclipse ecosystem of open source projects: learn from the technology experts, hear about methodologies and best practices, and simply see some really cool stuff.
- **A keynote to inspire:** Smarter Grids - The Convergence of the Internet of Things and Energy from Tom Raftery, Greenmonk

Network and learn:

Unconference

Hackathon

Hands-on workshops

Showtime demos

Mentor Meetup
