

# Powering Java on Azure with Open Liberty and OpenShift

Reza Rahman, Principal Program Manager, Microsoft

Graham Charters, STSM, WebSphere & Liberty Technical Product Manager, IBM

# Cloud Adoption

*Most cloud applications weren't designed for the cloud*

54%

Cloud apps that originated on-premises

55%

Use multiple public clouds

59%

Expect to be mostly or all on public cloud by end of 2021

Source: <https://www.idg.com/tools-for-marketers/2020-cloud-computing-study/>

# Kubernetes Adoption

Open Liberty

*Kubernetes rapidly becoming the de-facto Container orchestration platform*

84%

Use containers in  
development or  
production

72%

Expect container use  
to increase over next  
12 months

66%

Kubernetes is Very to  
Extremely Important  
to Cloud-native

# Jakarta EE and MicroProfile

Open Liberty

*Optimizing Enterprise Java  
for a Microservices Architecture*

MICROPROFILE™

*Build modern portable enterprise apps  
Protect your investments in Java EE*

JAKARTA™ EE

# Jakarta EE Compatibility

Jakarta EE Compatible Products

Jakarta EE 9.1   Jakarta EE 9   Jakarta EE 8

 Apache TomEE	 Apusic AAS	 Eclipse GlassFish	 FUJITSU Software Enterprise Application Platform
 IBM WebSphere Liberty	 InforSuite Application Server	 JBoss Enterprise Application Platform	 Tmax JEUS
 ManageFish Server	 Open Liberty	 Oracle WebLogic Server 14c	 Payara Server
 Primeton AppServer	 Thunisoft Application Server	 TongWeb Application Server	 WildFly

Jakarta EE Compatible Products

Jakarta EE 9.1   Jakarta EE 9   Jakarta EE 8

Jakarta EE 9.1 Platform Compatible Products

 Eclipse GlassFish Eclipse Foundation <a href="#">6.1.RC1_6</a>	 ManageFish Server ManageCat <a href="#">6.1.0</a>	 Open Liberty IBM Corporation <a href="#">21.0.0.3-beta, Java 11</a> <a href="#">21.0.0.3-beta, Java 8</a>	 WildFly Red Hat <a href="#">Preview 23.0.2.Final, Java 11</a> <a href="#">Preview 23.0.2.Final, Java 8</a>
---	--	---	--

Jakarta EE 9.1 Web Profile Compatible Products

 Apache TomEE Apache Software Foundation <a href="#">9.0.0-M7</a>	 Eclipse GlassFish Eclipse Foundation <a href="#">6.1.RC1_6</a>	 Open Liberty IBM Corporation <a href="#">21.0.0.3-beta, Java 11</a> <a href="#">21.0.0.3-beta, Java 8</a>	 WildFly Red Hat <a href="#">Preview 23.0.2.Final, Java 11</a> <a href="#">Preview 23.0.2.Final, Java 8</a>

# Why Open Liberty

Open Liberty

Supports Java EE, Jakarta EE, MicroProfile, Spring Boot, great for monoliths and microservices

195% ROI

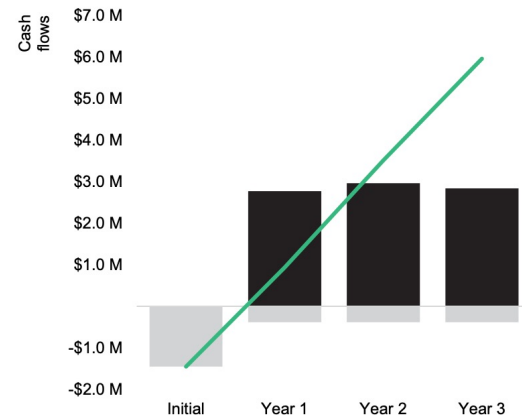

Payback  
8 months

## Financial Summary

### CONSOLIDATED THREE-YEAR RISK-ADJUSTED METRICS

#### Cash Flow Chart (Risk-Adjusted)

■ Total costs ■ Total benefits — Cumulative net benefits

[ibm.biz/WSHE-TEI](http://ibm.biz/WSHE-TEI)

Low operating cost

4x increased density over Tomcat & Spring Boot

Just enough runtime

80% disk and 56% memory saving

Zero migration

100% v2v & fixpack migration saving

Continuous delivery

Zero-effort security fixing & zero technical debt

Kubernetes optimized

Self-tuned optimal perf, production-ready, kube-native

Developer experience

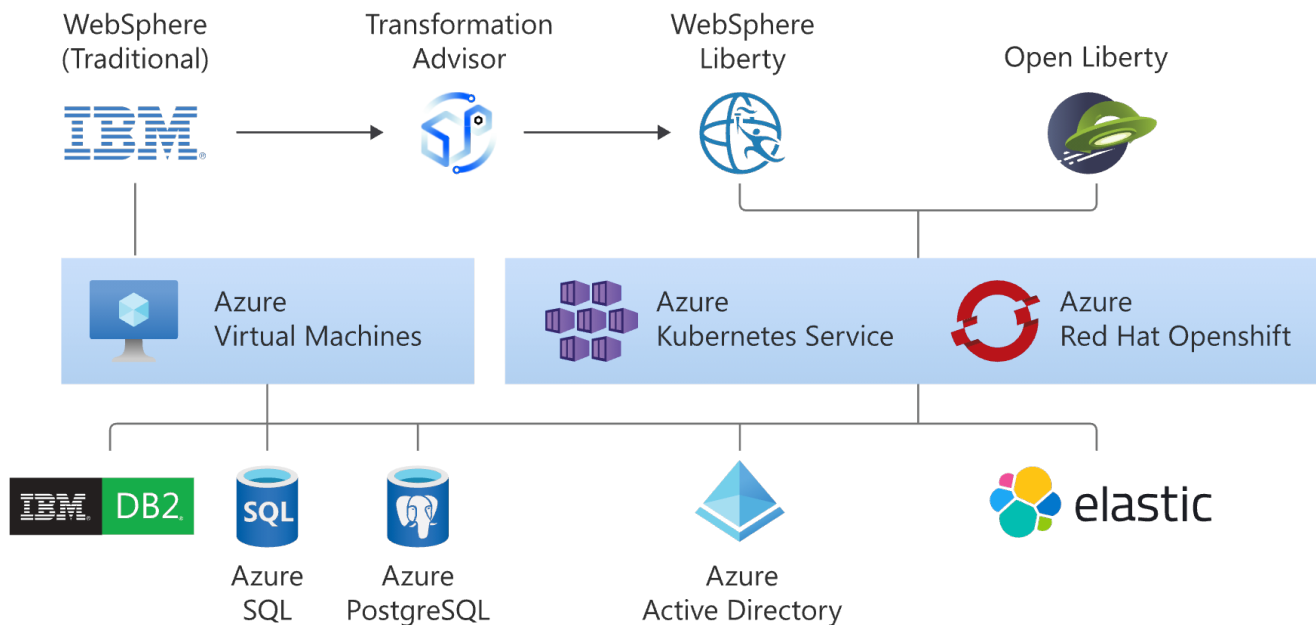

Container & kube-native experience, rapid inner loop
